RE: Pure Barre Fitness Decontamination/Virus Prevention

Dear Craig,
I wanted to share a quick note of thanks for your time and effort in assisting our business re-opening during the Covid-19 pandemic that caused mandated closures in the New Orleans area. Both our employees and customers are happy that we found you and the BioProtect product to give us sanitization and disinfectant protection against the virus. Also, I appreciate your timeliness and thorough approach to spraying the work out studio, bathrooms and equipment.

Again, thank you for helping us back open under the new standards to ensure a safe environment. I am happy to recommend you to other businesses as needed.

Sincerely,

Mark A. Conner
Owner
