June 6, 2008

To Whom It May Concern:

It is with great pleasure that I extend this letter of recommendation to any organization that is considering using Craig Price d/b/a Southern Safety Shield for their services. Mr. Price was contracted by the Red River Mill to provide our 2006 Emergency Response Team initial and refresher for Hazmat, Fire, Rescue, and Incident Commander Training.

Based on his performance, I must say that our mill management and response teams were very impressed with the level of competency, expertise, and professionalism that was exhibited by Mr. Price. We also made several changes to our equipment and procedures based on Mr. Price's recommendations.

At first I was hesitant to change vendors because our mill had been using another company for past 25 years. Today, I am much more confident that our mill is better prepared to respond to any type of emergency situation because the efforts of Southern Safety Shield.

Sincerely,

*Jeffrey D. Bishop*
